FOR IMMEDIATE RELEASE

Kjaerhus Launches the MPL-1 Pro Second Edition

Kjaerhus Audio announces the release of MPL-1 Pro SE v1.00. The MPL-1 Pro SE is a new edition of the awarded Mastering Precision Limiter, now available for both PC Windows and Mac OSX in VST/AU/RTAS format. Besides now being available in 5 plug-in formats, several other improvements have been made; for example, you can now enter the parameter values directly with your keyboard.

Availability

The MPL-1 Pro SE will be available June 19, 2007 in three different versions; "Windows VST" priced USD 118.00, "OSX VST/AU" priced USD 118.00 and "Windows/OSX VST/AU/RTAS" priced USD 148.00. From June 19, 2007 to July 18, 2007, Kjaerhus is offering an introductory discount, reducing the price to USD 98.00 for the "OSX VST/AU" version and USD: 118.00 for the "Windows/OSX VST/AU/RTAS".

Owners of the MPL-1 Pro (First Edition) can upgrade for free. Owners of the MPL-1 Standard Edition can upgrade for \$29.00.
